Perrigo offers three medical plan options:

- The Consumer Driven Health Plan (CDH Plan)
- The Value Preferred Provider Organization Plan (Value PPO Plan)
- The Preferred Provider Organization Plan (PPO Plan)

Prescription drug benefits are included in all three plans through CVS Caremark (see page 10).

All options have:

- The same in-network providers and services
- 100% coverage for in-network preventive care services

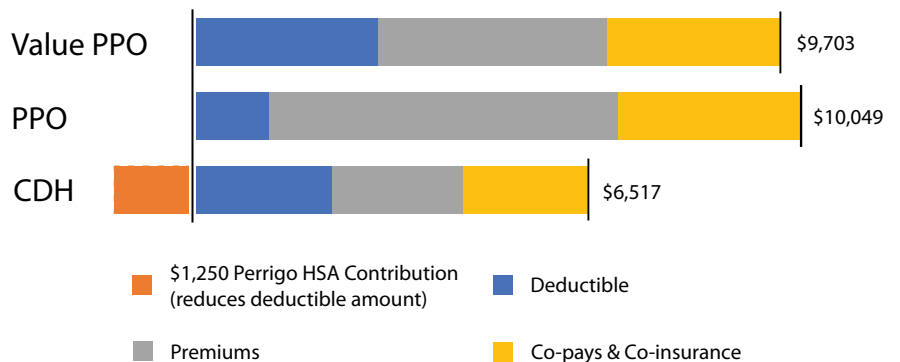

Compare the plans' features and costs on page 7.

CDH Plan May be the Right One for You!

Even with a higher deductible, the CDH Plan can be the more affordable option with lower premiums and Perrigo's contribution (up to \$1,250) to a Health Savings Account (HSA). To learn more, access the Medical Plan Decision Tool (found on the Perrigo Benefits Center).

For example, an employee with a family of four elects family coverage. With moderate medical and low prescription drug expenses in a calendar year, here is what they might expect to pay in either medical plan.

Example: Total costs are lower with the CDH Plan

Estimates are based on in-network expenses for average national care costs. Because costs vary and not all service details are included, actual costs may differ from what is shown. Actual costs may also vary based on the order in which services are incurred and by the specific family member using a service (if applicable).

Enrollment Verification Process

If enrolling spouse or child(ren), you will be asked to verify life event and dependent relationships by our partner Mercer. Please respond timely or your request will be reversed (without COBRA eligibility).

How the Family Deductibles Differ among Medical Plans

CDH Plan

One covered member's medical and prescription drug claims can meet the total family deductible or the sum of all covered members' claims can meet the total family deductible. Co-insurance then applies for the medical plan and co-payments for prescription drugs.

PPO Plan and Value PPO Plan

When one member's claims meet the individual deductible, co-insurance then applies for that individual. Another or all family members can meet the remaining family deductible, then co-insurance applies. Prescription co-payments apply right away.

- The account and funds remain yours even if you separate from Perrigo
- Pay eligible health expenses for spouse
- Pay eligible health expenses for children, claimed on your tax return, up to age 19 or 24 if full-time student
- Maintain and manage your own receipts for eligible expenses

Optum Bank Resources

Important

If you have a balance in a Healthcare Flexible Spending Account and elect the CDH Plan with a Health Savings Account, the balance in your FSA must be \$0 on 12/31. Otherwise, your HSA election and contributions will be delayed to 4/30.

Enrollment is voluntary. Please call early after your effective date or you may be responsible for 30% of the cost. Call 800-578-4403, M-F 8am-8pm, EST.

If you take a specialty medication and do not enroll in the PrudentRx Copay Program, a PrudentRx Advocate will call you to answer questions.

Mail-Order Pharmacy

Maintenance medications are prescribed for certain health conditions, such as high cholesterol, high blood pressure, and diabetes. The medical plans cover certain maintenance medications at 100%! Review at caremark.com or call 888.766.8504.

Mail-order benefits are 2x retail pharmacy benefits for a 90-day supply (three 30-day fills).

When prescribed a maintenance medication:

1. Initially, fill a 34-day supply at your local retail pharmacy,
2. Fill subsequent refills through the mail-order pharmacy, or at a local CVS pharmacy, Target store, or the Meijer store (Plainwell, MI only).

Important: If your maintenance medication refill is dispensed at a network retail pharmacy, you will be responsible for the full cost of the medication.

Follow these steps to maximize plan benefits for maintenance medications and other 90-day supply drugs:

You or your doctor can fax a 90-day prescription using the Mail-Service Order Form available from Caremark at 800.378.5697 or Fast Start® at 877.321.2652. You can also go online to caremark.com and click *Request a Prescription* with Fast Start®.

Your order will be sent to your home address on file or you can request pickup at a CVS pharmacy, Target store, or if you live in Michigan, at the Meijer store in Plainwell, MI only.

Flexible Spending Accounts

Healthcare FSA Debit Card

You will receive a debit card when you enroll in a healthcare FSA.

Important: You may be asked to substantiate (provide proof) that expenses were eligible. Please respond by the requested deadline. If you do not, the IRS requires the FSA administrator to:

- Suspend your debit card until purchases are resolved
- Offset your future reimbursement requests
- Ask you to reimburse the amount

Download the App

Discovery Benefits

Website: discoverybenefits.com
Telephone: 866.451.3399, option 1

Perrigo offers three Flexible Spending Accounts (FSAs): two Healthcare FSAs and a Dependent Care FSA. Save money by using pre-tax funds to pay for eligible expenses.

Examples of Expenses to Pay from Healthcare FSA

- Acupuncture and chiropractic
- Co-insurance and deductibles
- Crutches, wheelchairs
- Dental exams
- Orthodontics
- Eye exams, glasses, contacts
- Therapies (speech, physical)
- Medical x-rays

For a more complete list of eligible expenses, visit discoverybenefits.com.

Full Purpose Healthcare FSA

If you're enrolled in either PPO Plan or if you've waived coverage, you can enroll and use pre-tax funds to pay for eligible medical, prescription, dental, and vision expenses for you and your family members (even if not enrolled on your medical plan).

Limited Purpose Healthcare FSA

If enrolled in the CDH Plan, you can enroll and use pre-tax funds to pay for eligible dental and vision expenses. You can pay for medical and prescription expenses once your deductible is met.

Dependent Care FSA

You can set aside pre-tax dollars to pay for eligible childcare or elder care expenses because you and/or your spouse work, are actively looking for work, or are in school full-time. Additionally:

- Your dependent child must live with you and be under age 13
- Older dependents may be eligible if physically and / or mentally dependent upon you (reach out to Discovery Benefits for additional information)

Please note: You cannot use a Dependent Care FSA to pay expenses and take a credit on your tax return.

How Flexible Spending Accounts Work

Set up

Enroll and elect a minimum of \$240, up to:

Healthcare:
\$2,750

Dependent care:
\$5,000 or \$2,500*

Note: Your FSA election is divided by the number of pay periods remaining in 2021 and deducted evenly through December 31.

* If spouse files separate tax return or has a dependent care FSA

Availability of Funds

Healthcare:
Full election is available on your benefit effective date

Dependent care:
Funds are available as they are deducted from your payroll checks

Paying Expenses

Healthcare:
Use the FSA (debit card) or file reimbursement claims

Dependent care:
File reimbursement claims only

Time Limits

Healthcare:
Pay expenses through 3/15/22

File expenses through 4/30/22

Dependent care:
Pay expenses through 3/15/22

File expenses through 4/30/22

Important: After the filing deadline, any remaining funds in FSAs can no longer be reimbursed.

Other Important FSA Considerations:

- You must enroll each year to continue participating.
- After you enroll, you may not change your election during the year unless you have a qualified family status change.
- You cannot transfer money from one account to another. For example, you cannot use money from your Healthcare FSA to pay for dependent care expenses.
- Using the funds in either account for anything other than eligible expenses may result in an IRS penalty.

Life and AD&D Insurance, and Disability Benefits

Dual Coverage

If you and your spouse both work for Perrigo, you can only be covered as an employee or a dependent with Optional Life and AD&D Insurance. Additionally, only one may cover dependent children.

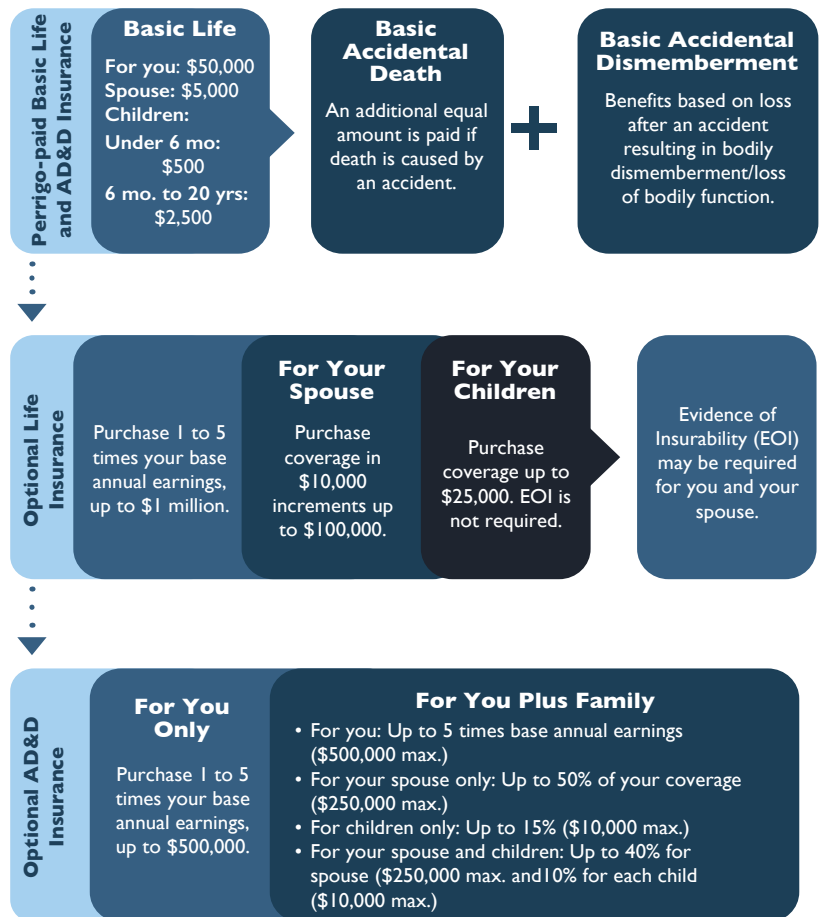

Perrigo pays for and automatically enrolls you in Basic Life and Accidental Death & Dismemberment (AD&D) Insurance through Reliance Standard. Add more coverage for yourself and family through the Optional Life and AD&D plan.

Life and Accidental Death Insurance

Cost for Optional Life and AD&D Insurance is based on the elected coverage level and your age. An equal amount of AD&D insurance is included if you elect life insurance coverage for yourself. If you elect life insurance coverage for your spouse, an equal amount of AD&D coverage is also included. Age reductions to life insurance benefits begin at age 70.

Evidence of Insurability (EOI)

Coverage above a certain amount or if coverage is elected outside of a new hire window (some exceptions apply) requires Evidence of Insurability. EOI is a medical questionnaire the carrier reviews for approval before coverage is effective (Optional Life only).

Newly Eligible Employees

Elect Optional Life up to 3 times your base annual earnings up to \$500,000 and up to \$50,000 for your spouse without EOI. If you enroll later, EOI will be required. If you elect additional coverage over and above these amounts, EOI will be required.

Beneficiaries

Be sure to elect at least one beneficiary when enrolling. You can change beneficiary designations at anytime at the Perrigo Benefits Center. Please also remember to assign beneficiaries to your 401(k) account at vanguard.com/retirementplans.

Retirement Plan

Perrigo, in partnership with Vanguard, offers retirement benefits through the Perrigo Company Profit-Sharing and Investment Plan, which includes:

- Employee pre-tax, Roth, and after-tax contributions
- Perrigo matching contributions
- Perrigo profit-sharing contributions

Contributions

This table shows your options for 401(k) contributions and Perrigo's matching and profit sharing contributions. You are always 100% vested in all contributions to your 401(k), meaning the funds are 100% yours.

01

Your Contributions

Contribute up to 50% pre-tax and/or post-tax (Roth) of your eligible earnings, up to the IRS maximum (if age 50 or older, you may be eligible to contribute more). You may also contribute up to an additional 4% of eligible earnings on a traditional after-tax basis. Learn more below.

02

Matching Contributions

If you are actively participating, you qualify for the company match:

- 100% of the first 2% you contribute,
- Then 50% on the next 2%.
- If you contribute 4%, Perrigo contributes 3%.

03

Catch-up Contributions

If you are age 50 or older in 2021, you may be eligible to contribute an additional amount per year. Contact Vanguard for more information.

04

Profit Sharing Contributions

If eligible, Perrigo will contribute at least 3% of your eligible earnings into your 401(k) by March of the following year. You do not have to actively contribute to your 401(k) to qualify.

05

Traditional After-Tax Contributions

You may contribute up to an additional 4% of eligible earnings on an after-tax basis above the IRS limit. Once added, these contributions can be converted to Roth. They are not eligible for company match, so we encourage you to review your pre-tax and post-tax (Roth) deferrals first.

You are always 100% vested in all contributions to your 401(k), meaning the funds are 100% yours.

Managing Your Retirement Account

During the year, you may:

Our goal is to create an environment where everyone can show up at work as their authentic self and feel included as part of a Perrigo team. Creating a diverse and respectful work environment produces the ideal conditions for sharing creative ideas, building stronger teams, and getting employees to fully contribute their talents to our organization's vision.

Since 2019, our Global Diversity & Inclusion Committee has initiated an active discussion of what "inclusion" means, recognized Pride Month globally for the first time, and continued supporting our Black Community and allies during times of social unrest. This has resulted in Men's Health magazine recognizing our "Movember" campaign.

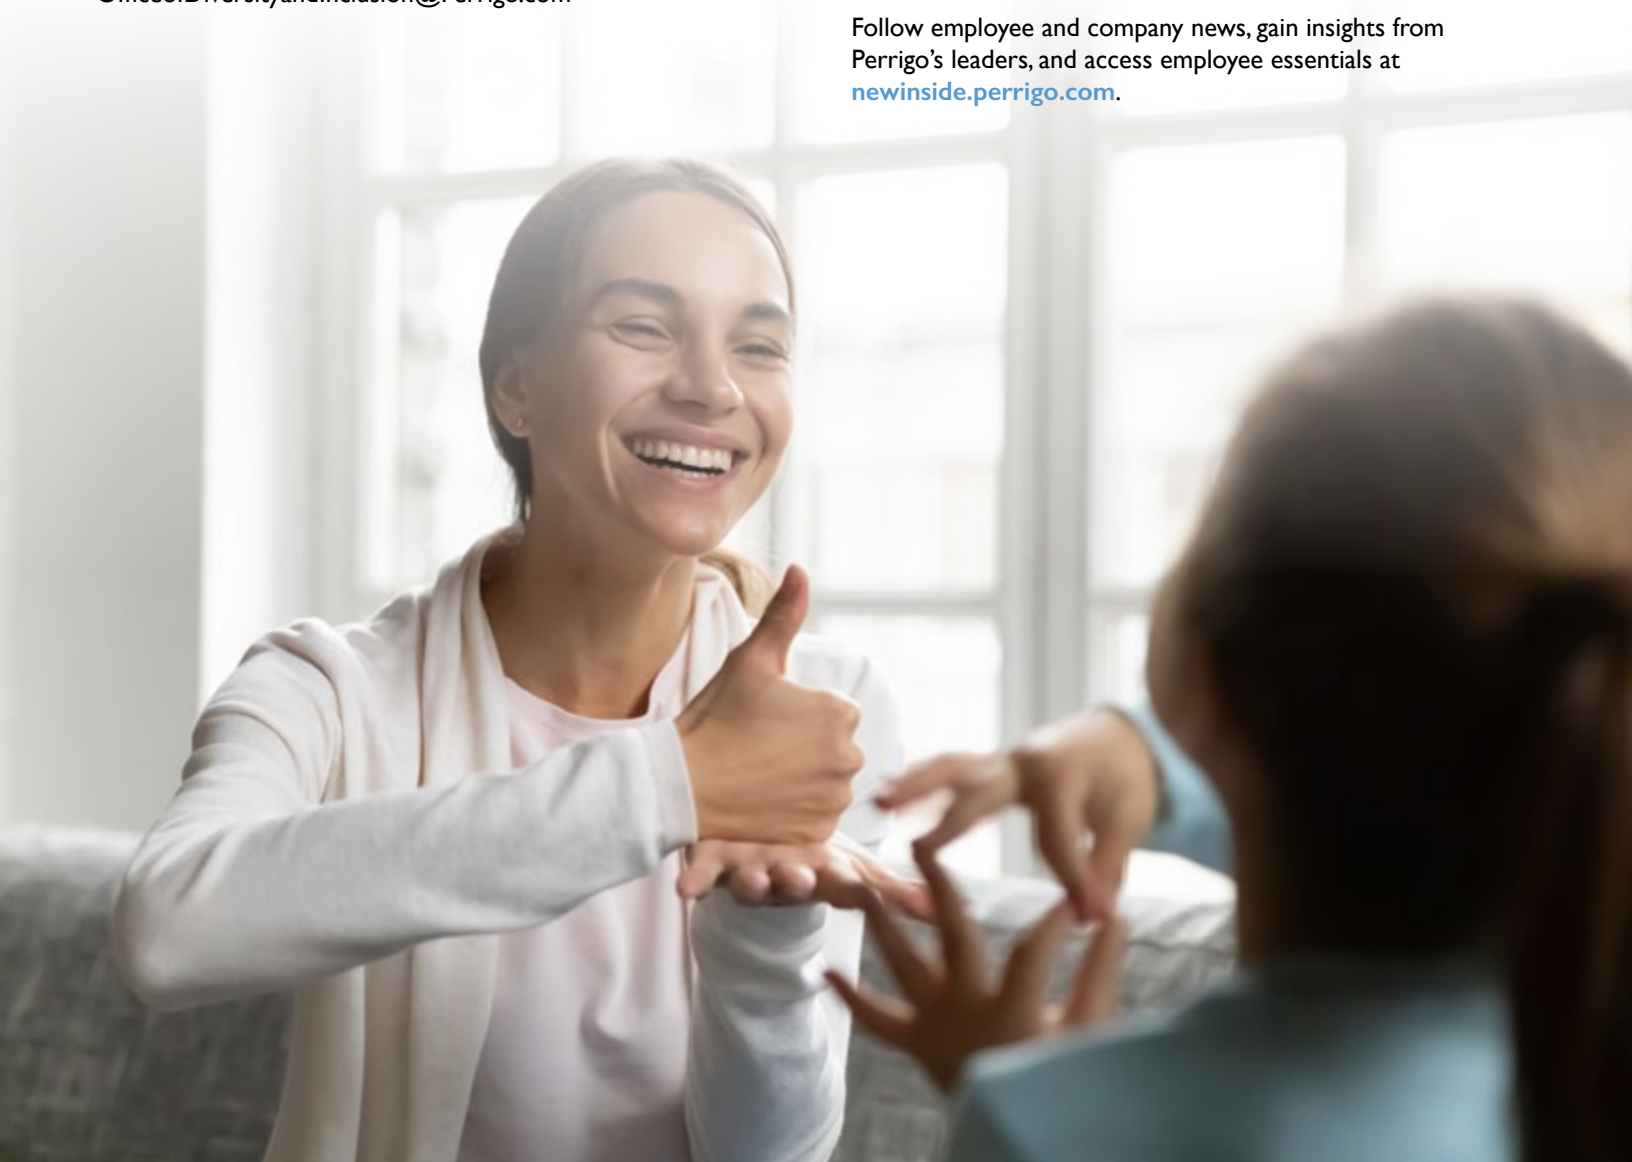

TOGETHER, we make lives better.

- If your job status changes from part-time to full-time
- Losing or gaining other health coverage (you or your dependent)
- The birth, adoption or guardianship placement for adoption of a child
- Death of a spouse or dependent

To change your benefit elections because of a qualified life event, go to the Perrigo Benefits Center within 31 days of the event. If you miss that deadline, your change cannot be processed. However, you can change your benefit elections during the next Open Enrollment period (unless you have another qualified life event). Contact the Perrigo Benefits Center if you have questions.

Mercer will follow-up with requests to verify your qualified life event and/or dependent relationships. Please respond by the deadlines noted, otherwise, your enrollment requests will be reversed (without a COBRA opportunity).

Enrolling in the 401(k) Plan

Newly hired or newly eligible employees are automatically enrolled 30 days after date of hire. This includes an automatic deduction from paychecks to start savings. You may opt out of enrollment and adjust contributions and investments at any time. Contact Vanguard for more information.

Go to the Perrigo Benefits Center for a copy of the Perrigo Summary Plan Descriptions (SPDs) and Summary of Benefits & Coverage (SBCs) for more information on the following:

Special Enrollment: If you declined coverage for yourself or your dependents in the PPO or CDH Plan because of Medicaid coverage or coverage under a state children's health insurance program, you may be able to enroll yourself and your dependents in the PPO or CDH Plan if you or your dependents lose eligibility for the other coverage.

If you or your dependents become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under the PPO or CDH Plan, you may be able to enroll yourself and your dependents. However, you must request enrollment in connection with a loss of Medicaid coverage or state children's health insurance coverage or eligibility for premium assistance (as applicable) within 60 days from the date of the loss of coverage or the date of the determination of eligibility for premium assistance (as applicable).

If you declined coverage in the PPO or CDH Plan for you or your dependents because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in the PPO or CDH Plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage).

However, you must request enrollment within 31 days of when your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days of the marriage, birth, adoption, or placement for adoption event. To request special enrollment or obtain more information, contact the Perrigo Benefits Center at 800.974.5176.

Health Insurance Portability and Accountability Act of 1996

(HIPAA): Under the HIPAA privacy regulations, the Perrigo health plans are required to protect the privacy and security of your protected health information. A copy of the Plan's Notice of Privacy Practices can be found on the Perrigo Benefits Center or requested by contacting your Perrigo Benefits Center at 800.974.5176.

Notice Regarding Wellness Program: **HEALTHYyou** is a voluntary wellness program available to all eligible employees and spouses who are enrolled in a Perrigo medical plan. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others.

If you choose to participate in the wellness program, you will be asked to complete a voluntary well-being assessment or "WBBA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You are not required to complete the WBBA.

However, employees and spouses enrolled in a Perrigo medical plan who choose to participate in the wellness program will receive a medical premium discount (see the *Total Rewards Guide* on the Perrigo Benefits Center for discount details) for completion of Level I and Level II program guidelines. Although you are not required to complete the WBBA, it is a component of the wellness program, for those who wish to participate. You are eligible to receive a Partial Wellness Discount (Level I) or a Full Wellness Discount (Level II) based on the completion of program guidelines.

Incentives on your medical premiums are available if you participate in certain health-related activities (see the **HEALTHYyou** Guide on the Perrigo Benefits Center for discount details) or achieve certain health outcomes (Tobacco Free and meeting 2 of 4 Healthy Standards). If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Limeade (**HEALTHYyou** administrator) at 855.439.4534 or via email at support@Limeade.com.

The information from your WBBA will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as health coaching.

You are encouraged to share the results or concerns with your doctor.

Note that you and your spouse are required to adhere to the online conduct rules of the Perrigo wellness program, found in the Limeade Terms of Service.

Protections from Disclosure of Medical Information: We are required by law to maintain the privacy and security of your personal identifiable health information. Although the wellness program and Perrigo, Inc. may use aggregate information it collects to design a program based on identified health risks in the workplace, **HEALTHYyou** will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you, that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personal identifiable health information are the wellness program administrator (Limeade), the health coaching administrator (Aduro), and other third-party vendors as deemed necessary by the employer in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Additionally, we comply with HIPAA and Privacy requirements with respect to such information. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Perrigo Benefits Center at 800.974.5167 Monday-Friday between 8 a.m. and 7 p.m., EST.

Newborns' and Mothers' Health Protection Act: Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women's Health and Cancer Rights Act of 1998: Federal law requires under the Women's Health and Cancer Rights Act, and subject to all Welfare Program provisions, that a group health plan provide coverage for the following services to an individual receiving plan benefits in connection with a mastectomy:

- Reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce symmetrical appearance; and
- Prostheses and treatment for physical complications of all stages of mastectomy, including lymphedema (swelling associated with the removal of lymph nodes).

The group health plan must determine the manner of coverage in consultation with the attending physician and patient. Coverage for breast reconstruction and related services will be subject to deductibles and coinsurance amounts that are consistent with those that apply to other benefits under the plan. If you would like more information on these benefits, contact bcbsm.com or 866.684.8213.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP): If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these

programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).
