Thank you for all you do to help MAPEI Corporation succeed. Your knowledge, valuable skills, and commitment to quality are critical to our continued growth and future success.

Your well-being is important to you, your family and to MAPEI Corporation. With that in mind, our Benefits Team works hard to create and maintain a complete benefits package for both you and your loved ones.

Some of the benefits, like disability and life insurance, are provided to you automatically without cost to you. A range of other benefits are available for enrollment, either during the annual Open Enrollment period or when newly hired. For these, we share some of the cost with you. In fact MAPEI Corporation pays up to 90% of the insurance premiums. Because our benefits are self-insured, these costs are paid from our operations budget. In addition, for your medical, dental, and vision benefits, your premiums are deducted from paychecks before payroll taxes are withheld, saving you money.

We take pride in offering superior benefits to you at a lower cost than what our competitors charge their employees. Please look carefully and closely at your benefit options to be sure you chose the ones that best fit your and your family's needs, as well as your budget.

One important benefit to keep in mind is our Wellness Program as it offers special resources and benefits for diabetics and others with chronic health conditions. Our goal is to provide the right healthcare resources so you can be in your best health.

Please look through this *Benefits Guide* and watch the benefits video. Then share this information with your dependents.

Thank you for being part of our MAPEI Corporation family.

Enjoy!

**New**

## What's New

Beginning January 1, 2025:

- **Swift MD (Telemedicine):** Has changed its name to *ReviveHealth*—no other changes. See page 21.
- **Evidence of Insurability Waived for Voluntary Life Insurance:** Offered again for Open Enrollment, you can elect voluntary life insurance for yourself and your spouse without completing a medical form to prove that you're in good health. If you did not elect coverage before or you want to increase current coverage, now is the time to do so up to the guaranteed issue of \$200,000 for yourself and up to \$40,000 for your spouse. This is in addition to your company-paid coverage. See page 27.
- **Benefits Resources Guide:** Last year, this helpful guide explored the special services available through your benefits as part of the *Benefits Guide*. This year, you can find it separately in Oracle, Docebo, and SharePoint. It includes:
  - ☑ **Florida Blue Medical Plan Resources**
    - **A 24-Hour Care Team** and a decision table on where to go for healthcare.
    - **Wellness and Preventive Care** which lists health screenings and vaccinations for adults and children and how to access a personal wellness program.
    - **Other Resources** for help with a specific health issue, care consultants, prenatal services, behavioral health, and support for chronic health conditions.
  - ☑ **Prescription Resources** to help find the best price and manage home-delivery.
  - ☑ **Dental and Vision Care Resources** for online tools, tips, and more.
  - ☑ **Life Insurance Resources** for the special features included with your life insurance.
- **Premiums:** Before deciding whether to enroll in or make changes, check the premiums deducted from paychecks for any changes for 2025.

### The Employee Assistance Program

**This change begins immediately.**

The EAP has increased the number of **free** by phone or in-person meetings from three to **six** each for you and family members—per topic, per year, on a wide range of topics.

See page 19.

## Open Enrollment Checklist

Use this checklist for enrolling in your benefits.

**Before you enroll**

Be sure to understand your benefit options and choose the ones best for you. Review the *Benefits Guide* and the *MAPEI Benefits Resources Guide*. Keep both handy to refer to during the year.

If you are not making any plan changes, no action is required. Your current benefits will roll over to 2025, except for Flexible Spending Accounts which require annual enrollment.

### Medicare Notice

If you have Medicare or will become eligible for Medicare in the next 12 months, a Federal law offers more choices for your prescription drug coverage.

Please refer to the Medicare Part D notice on *page 39* for details and state contact information on *pages 36-39*.

## Eligibility

Except where otherwise noted, if you are a regular employee who works at least 30 hours a week, you are eligible for benefits on the first of the month following a full month of employment.

### Dependent Eligibility

If you enroll, you can enroll your legal spouse and eligible dependents up to age 26 in the medical, dental, and vision plans.

**Note:** *If your spouse or another dependent is also a MAPEI employee, you may enroll individually in employee-only coverage or one individual may enroll and cover the others as dependents.*

Dependent children are your:

- Naturally born child(ren).
- Dependent child(ren) of your spouse.
- Stepchild(ren).
- Child(ren) who you or your legal spouse have adopted or who are placed with you for adoption.
- Child(ren) for whom legal guardianship has been awarded to you or your spouse, or for whom you are required to provide coverage under a *Qualified Medical Child Support Order (QMCSO)* or other court or administrative order.
- Unmarried child(ren) of any age who become mentally or physically disabled before reaching the benefit-eligibility-age limit. You must provide medical certification that the child became disabled before reaching the benefit-eligibility-age limit. They must also be dependent on you for support.

For more information, please contact your local HR Team, email the Benefits Team at [benefits@mapei.com](mailto:benefits@mapei.com), or call **954-246-8888**.

### When Dependent Eligibility Ends

Your dependents are eligible for benefits until the end of the birthdate month in which they reach the maximum age (26) or otherwise become ineligible.

To drop a dependent from coverage, see *Changing Elections after You Enroll on page 9*.

### If You Are Newly Hired

You become eligible for benefits on the first of the month following one full calendar month of employment. You must enroll within 30 days of your date of hire to have benefits.

### Verifying Dependent Eligibility

If you enroll dependents, you will need to verify their legal relationship to you. Verification documents include (but not limited to):

- Marriage certificates
- Birth certificates
- Adoption papers
- Tax returns
- Others, as requested

The company may request updates to dependent eligibility from time to time for coverage to continue.

## Enrollment Instructions

To enroll, log on to Oracle at this address or scan the QR code with your cellphone.

[Oracle Fusion Cloud Applications \(oraclecloud.com\)](https://oraclecloud.com).

In the enrollment portal, follow these steps:

1. Type in your *Username and Password*. If you do not have a username and/or password, contact your HR Team.
2. Click on *Me*.
3. Click on *Benefits*.
4. Click on *Before You Enroll*.
5. *Review or Add Dependents and Beneficiaries*.
6. After completing all required contact fields, click on *Submit* to save the contacts.
7. Scroll up and click on *Continue*.
8. You are now on the *Benefits Enrollment Screen*; follow the prompts to elect your benefits.

### Do You Have to Enroll?

**No.** If you miss the enrollment deadline, your current benefit elections will carry over to next year (except for contributions to Flexible Spending Accounts) subject to any changes in benefit designs or premiums. Your next opportunity to elect benefits, add dependents, or change benefit elections will be the next Open Enrollment period in 2025.

However, during the year, you may be able to add newly eligible dependents or make limited changes to your benefit elections. See *page 9*.

**Please note:** All benefit elections and dependent additions or changes will begin January 1, 2025.

## Enrolling Dependents

When adding dependents, you must provide their dates of birth, and Social Security numbers (by law), and be able to verify they are legal dependents (see *page 7* for eligibility details).

**Note:** If your spouse or another dependent is also a MAPEI employee, you may enroll individually as employee only coverage or one individual can enroll and cover the other as a dependent.

## Designating Beneficiaries

When enrolling, be sure to add at least one beneficiary to receive your company-paid and voluntary life insurance benefits if you die. A beneficiary can also be an entity, such as a trust. If you do not have a beneficiary, the benefit will not be paid until ruled by a probate court. See *page 28* to learn more on how to designate a beneficiary.

## Changing Benefit Elections and/or Adding Dependents

During the year, you may be able to add newly eligible dependents or make limited changes to your benefit elections following a *qualifying life event*. See *page 9*.

For more information or questions, contact your local HR Team or email the Benefits Team at [benefits@mapei.com](mailto:benefits@mapei.com).

### Know This!

- ☑ **Before you enroll:** Use the checklist on *page 4* and be sure you understand your benefit options.
- ☑ **How to enroll in Oracle:** Refer to Docebo for training.
- ☑ **For help and questions:** Contact your local HR Team or email the Benefits Team at [benefits@mapei.com](mailto:benefits@mapei.com).
- ☑ **After you enroll:** Check your first paycheck in January 2025 to confirm your elections and deductions. Premiums deducted from paychecks may differ by a few cents during the first few paychecks due to rounding.

## Changing Elections after You Enroll

The elections you make cannot be changed until the next Open Enrollment unless you have a *qualifying life event* as defined by the IRS. These include:

- Marriage, divorce, or legal separation.
- Loss of eligibility by a dependent.
- Losing or gaining other health coverage (you or a dependent).
- The birth, adoption, guardianship, or placement for adoption of a child.
- Change in your child's dependent status.
- Death of a spouse or dependent.
- Qualification by the Plan Administrator of a child support order for medical coverage.
- Entitlement to Medicare or Medicaid.

### Enrollment Deadline

**You have 30 days** following a qualifying event to make changes to your benefit elections. You are required to provide documentation to verify the qualifying event.

Your benefit change or election will begin retroactive to the event date.

If you miss the 30-day deadline, you cannot enroll new dependents or change benefit elections until the next Open Enrollment or qualifying event.

If you experience a qualifying life event, please contact your HR Manager to process a change in Oracle within 30 days of the event. Your change must be consistent with the qualifying event. For example, if you get married, you can drop your medical coverage (if your spouse adds you to his or her plan) or you can add your spouse to your current coverage.

For help or more information, contact:

[benefits@mapei.com](mailto:benefits@mapei.com).

## Medical Benefits

You have two medical plan options. Both offer the same coverage and include prescription drug benefits through Express Scripts and Rx Benefits (see page 13). Compare the differences on how the plans cover in-network expenses in the following table. See the *Medical Plan Terms to Know* on page 11 for definitions.

- **Plan 3769** is free to employees for employee-only coverage, has deductibles and higher copays for some services, but premiums are lower for covering dependents compared to Plan 3748.
- **Plan 3748** features no deductibles in-network and lower copays for some services but higher premiums compared to Plan 3769.

Refer to the *Summary of Benefits Coverage (SBC)* and your Employee Benefits at MAPEI App for more information on coverage, including on how out-of-network expenses are covered. Contact Member Services 24/7 at **800-664-5295** for questions.

## Medical Plan Terms to Know

**Balance Billing:** A charge billed by an out-of-network provider that is above the reasonable and customary cost of a particular healthcare service.

**Coinsurance:** Your share of the cost of a covered healthcare service, calculated as a percentage. For example, you generally pay 20% and the plan pays 80%, after meeting a deductible.

**Copayment (Copay):** A fixed amount charged for some healthcare services, after which the plan pays the remaining costs.

**Deductible:** The out-of-pocket amount you pay for covered services, after which the plan pays or you and the plan share costs through coinsurance.

**Employee Contribution Rate (Premium):** The amount deducted from paychecks after enrolling in a plan.

**Flexible Spending Accounts (FSA):** Option to set aside before-tax or after-tax earnings up to an annual limit to pay for certain qualified expenses during a specific time period (usually a calendar year). There are two types of FSAs: the Healthcare FSA and the Dependent Care FSA.

**In-Network Providers:** Service providers who have contracted with an insurance company to provide services at discounted charges.

**Inpatient Services:** Provided to an individual during an overnight hospital stay.

**Out-of-Network Providers:** Service providers who are not members of an insurance company's network, meaning they do not charge the network-discounted prices.

**Out-of-Pocket Maximum:** A financial safety net that applies when eligible health plan expenses during the plan year reach a maximum dollar amount. Once the maximum is met, the plan pays any remaining eligible expenses for the rest of the calendar year at 100%, unless otherwise noted. Does not include premiums, charges above a defined Reasonable and Customary amount, or healthcare services the plan doesn't cover. There are separate maximums for in-network and out-of-network expenses.

**Outpatient Services:** Provided to individuals at a medical facility without an overnight hospital stay.

**Premiums:** See Employee Contribution Rate.

**Primary Care Physician (PCP):** A doctor who you would regularly see for your ongoing healthcare (e.g., a family doctor).

**Reasonable and Customary:** Refers to the normal, acceptable, or average amount charged for a healthcare service, treatment, or supplies for an appropriate level of care in the geographical location where the treatment, services, or supplies are provided.

**Specialist Physician:** A doctor specializing in a particular branch of medicine (e.g., surgeon).

## Premiums

Per-paycheck premiums are listed in the table to the right and in Oracle. MAPEI pays more than 90% of this cost for either medical plan. Premiums deducted from paychecks may differ by a few cents during the first few paychecks due to rounding.

Medical Plan Bi-weekly Premiums 26 paychecks per year		
Coverage Tier	Plan 3769	Plan 3748
Employee only	\$0.00	\$23.17
Employee + Spouse	\$24.30	\$53.92
Employee + Child(ren)	\$20.59	\$50.16
Family	\$51.66	\$77.13

## For More Information

Go to the Florida Blue website at [floridablue.com](http://floridablue.com), or refer to the medical plan section in the **MAPEI Benefits Resources Guide** in Oracle, Docebo, and SharePoint. Download the app.

## Prescription Drug Benefits

When you enroll in a MAPEI Blue Options medical plan, prescription drug benefits through Express Scripts and RxBenefits are included. Your share of the cost for medications depends on:

- The drug classification
  1. Generic
  2. Preferred Brand-Name
  3. Non-Preferred Brand-Name
  4. Specialty
- Whether filled at a retail pharmacy, for a 30-day supply, or through the mail-order pharmacy or Smart90 program (Walgreens), for a 90-day supply.

**RxBenefits**

**800-334-8134**

7am to 8pm CT

**Email:**

**CustomerCare@rxbenefits.com**

**Saving Money**

Ask your doctor or pharmacists to check if a generic is available for any brand-name drugs you are prescribed.

## Retail Pharmacies

When your doctor prescribes medications in up to a 30-day supply, save money by filling your prescription at an Express Scripts in-network pharmacy. To find a network pharmacy near you, go to [express-scripts.com](https://www.express-scripts.com) and register, then click on *Find a Pharmacy*, or call **800-334-8134**.

## Home Delivery and the Smart90 Program

You pay less when filling ongoing maintenance medications, such as for diabetes or high blood pressure, in 90-day supplies through the home-delivery pharmacy or Smart90 Program.

### Home Delivery Pharmacy

As shown in the table below, one 90-day prescription for a maintenance medication prescription filled at the home-delivery pharmacy costs less than three 30-day fills at a retail pharmacy.

**For example**, in Plan 3748, a *preferred brand-name drug* would cost \$120 if filled in *three* 30-day supplies at a retail pharmacy. The cost is \$60 if filled in *one* 90-day supply through the home-delivery pharmacy.

**That's a savings of \$240 a year.**

### Refrigerated Drugs

Home delivery will ensure that medications requiring refrigeration will be transported refrigerated.

### 3 Ways to Get Started with Home Delivery

- 1. Online:** Login or Register.
- 2. Mobile:** Choose home delivery using the Express Scripts mobile app.
- 3. Ask Your doctor:** Ask your doctor to prescribe a 3-month supply for Home Delivery or Smart90.

## The Smart90 Program through Walgreens

Instead of home delivery, you can choose to fill your 90-day maintenance medications at a Walgreens pharmacy by calling RxBenefits.

### Prescription Drug Benefits In-Network Copays—What You Pay

Classification	Plan 3769		Plan 3748	
	Retail Pharmacy	Home Delivery Pharmacy	Retail Pharmacy	Home Delivery Pharmacy
Generic	\$10	\$20	\$5	\$10
Preferred Brand Name	\$40	\$80	\$30	\$60
Non-Preferred Brand Name	\$60	\$120	\$50	\$100
Specialty	\$100	Not covered	\$100	Not covered

**Formulary (Drug List):** Lists brand-name and generic prescription drugs covered by the plan, showing its pricing tier for how much it costs. A copy of the formulary is available on the Express Scripts website at [express-scripts.com](https://www.express-scripts.com).

**Generic Drugs:** Generic drugs have the same intended use, dosage, effects, risks, safety, and strength as their brand-name counterparts.

**Home-Delivery Pharmacy:** Pharmacies that fill ongoing medications in 90-day supplies generally at a discount compared to filling the same prescription in three 30-day fillings at an in-network retail pharmacy.

**Prior Authorization:** Indicates that approval from the insurance company is needed before your doctor can prescribe certain medications.

**Specialty Drugs:** Are high-cost prescription medications used to treat complex, chronic conditions such as cancer, rheumatoid arthritis, and multiple sclerosis.

These benefits are portable, meaning if your employment ends, you may take your plan with you. File claims online at [prudential.com/mybenefits](http://prudential.com/mybenefits) or from your phone by scanning the QR code. When filing a claim, identify yourself as a MAPEI employee and provide plan #71865.

# Flexible Spending Accounts

With a Flexible Spending Account (FSA), you can save money on eligible healthcare and dependent care expenses while reducing your income taxes. When you enroll, specify a contribution amount to be deducted from paychecks before payroll taxes are withheld, resulting in more money in your account.

**HealthEquity**  
 866-346-5800  
[healthequity.com/fsa-qme](http://healthequity.com/fsa-qme)

**Annual Enrollment Required to Continue Participating:** *You must enroll every year because elections do not carry over to the next year.*

**Two Options:**

**Healthcare FSA**

Choose this FSA whether or not you enroll in a MAPEI medical plan. Pay eligible expenses not covered by a health plan (see the table below).

**Dependent Care FSA**

The following table lists some of the eligible daycare expenses to pay from this FSA for a child under age 13 or a dependent adult if both you and your spouse work or your spouse is attending school.

**EZ Receipts Mobile App**  
 This HealthEquity app allows you to upload your receipts for reimbursement from your FSA. Download it to your phone from your App Store.

- Access your account
- Initiate a claim/view status
- Take a photo of your claim to send for payment
- Send payments to providers or reimburse yourself for out-of-pocket expenses.

**Flexible Spending Accounts**  
 Paying Eligible Expenses with Pre-tax Earnings

Type of FSA	Eligible Expenses	Contribution Limits	Using Your Account
<b>Healthcare</b>	Plan deductibles, copays, and other medical, dental, and, vision expenses not covered by a health plan for you and your tax dependents.	You can contribute currently up to <b>\$3,300</b> a year. (Subject to change each year based on federal regulations.)	Pay eligible expenses up to the amount you contribute for the year, regardless of the balance in your account at the time of your expense.
<b>Dependent Care</b>	You can pay daycare* and before- and after-school care expenses for a child under the age of 13, or for a spouse, parent or another tax-dependent who is incapable of self-care.	You can contribute up to <b>\$5,000</b> a year or <b>\$2,500</b> if you are married and you and your spouse file separate tax returns.	Pay eligible expenses only up to the balance in your account at the time of your expense.

\*All dependent caregivers must have a tax ID or Social Security Number for you to include on your federal tax return. If you use the Dependent Care Reimbursement Account, the IRS will not allow you to claim a dependent care credit for reimbursed expenses on your tax return. Consult with your tax advisor for more information.

**Paying Eligible Expenses**

To file a claim, use the debit card you receive after you enroll, or arrange for HealthEquity to pay expenses directly to your provider.

For more information, go to [healthequity.com/fsa-qme](http://healthequity.com/fsa-qme) or call **866-346-5800**.

**Keep Your Receipts**  
 You may be asked to prove that payments from an FSA are eligible and, if not, a penalty may apply.

## Plan Carefully

### Avoid Forfeiting Money in Your FSA

Pay expenses through the year and up to March 15 of the next year. However, you must submit claims for these expenses no later than March 30 of the following year. After that date, any money left in either FSA will be forfeited (by law).

# Dental Benefits

You can enroll in either the **High Plan** or the **Low Plan** through Delta Dental. Use any licensed dental provider. However, Delta Dental dentists charge discounted rates through two provider networks:

**Delta Dental**  
800-521-2651  
[deltadentalins.com](http://deltadentalins.com)

- **Providers in the PPO network** offer the biggest savings.
- **Providers in the Premier network** are the next best option as they offer moderate discounts. However, in the Low Plan, you pay the co-insurance plus any difference between the PPO network providers' contracted fee and the Premier providers' contracted fee.

**Non-Network Providers** are not contracted with Delta Dental and bill without any discounts. This means they accept the amount Delta Dental pays as full payment. This means that you would pay the co-insurance percentage of the cost for a non-network dentists and any difference between what the PPO network dentist would have charged for the same procedure and what the non-network dentist bills (referred to as "balance billing").

## Examples

Here are examples of how dental charges apply for both the Low Plan and the High Plan. They are for illustration only and do not apply any maximums or deductibles.

Example 1: Low Plan Claim For Crown (Major Service)	Most savings	Some savings	No savings
	Delta Dental PPO	Delta Dental Premier	Non-Network
Dentist submits claim	\$1,400	\$1,400	\$1,400
Dentists accepts as full payment	\$745	\$1,009 (\$745*)	\$1,400 (\$745*)
Plan pays	Plan pays 50% of \$745 = \$372.50	Plan pays 50% of \$745 = \$372.50	Plan pays 50% of \$745 = \$372.50
You Pay	<b>You pay \$372.50</b> (\$745 - \$372.50 =)	<b>You pay \$636.50</b> (\$1,009 - \$372.50 =)	<b>You pay \$1,027.50</b> (\$1,400 - \$372.50 =)

Example 2: High Plan Claim For Crown (Major Service)	Most savings	Some savings	No savings
	Delta Dental PPO	Delta Dental Premier	Non-Network
Dentist submits claim	\$1,400	\$1,400	\$1,400
Dentist accepts as full payment	\$745	\$1,009	\$885
Percentage paid by plan	Plan pays 50% of \$745 = \$372.50	Plan pays 50% of \$1,009 = \$504.50	Plan pays 50% of \$885 = \$442.50
You pay	<b>\$372.50</b> (\$745 - \$372.50 =)	<b>\$504.50</b> (\$1,009 - \$504.50 =)	<b>\$957.50</b> (\$1,400 - \$442.50 =)

\*Premier network providers are reimbursed based on the PPO network contracted fee.

## Finding Network Providers

To find network dentists near you, log on to the Delta Dental website at [deltadentalins.com](https://deltadentalins.com) and click on *Find a Dentist*. Enter your address and ZIP code and select either network from the drop-down menu.

- **Teledentistry:** Connect online with a Delta Dental dentist through videoconference or receive a photo assessment for a dental issue.
- **Cost Estimator Tool:** Avoid surprises. Log in to [deltadentalins.com](https://deltadentalins.com) and set up an online account to use the Cost Estimator Tool for personalized estimates on how much you'll pay for your next dentist visit. You can also ask your dentist for a pre-determination of benefits from Delta Dental before your treatment begins to learn how much the plan will cover.

## Comparing Dental Plan Options

As shown in the following table, you and the plan share dental expenses up to each plan's maximum benefit amount for the calendar year (in- and out-of-network charges combined). After total expenses reach your plan's annual benefit maximum, you pay the full discounted network cost for dental expenses for the rest of the calendar year.

The **High Plan** offers better benefits but costs more per paycheck. The **Low Plan** is an option to consider if you do not need a lot of dental work. Compare the benefits available in both plans and the premiums before choosing an option. For more information, plan limitations, and exclusions see the Delta Dental plan summaries posted on Oracle, Docebo, and Employee Benefits at MAPEI App.

## Life and Accidental Death & Dismemberment Insurance

**New York Life Insurance**

Claims: 888-842-4462

Mon-Fri, 8am-8pm EST

<https://www.newyorklife.com>

**Life Insurance** provides financial security, especially for those depending on you financially. It pays a benefit to your beneficiary.

**Accidental Death and Dismemberment (AD&D) Insurance** pays benefits for death or severe injury from an accident. Injury benefits are paid as a percentage of the life insurance amount based on the loss.

### Company-paid Basic Coverage

#### Basic Life Insurance Benefit

MAPEI pays for Basic Life and AD&D Insurance (group term life insurance) for eligible employees at no cost to you. The benefit equals 1½ times annual base salary up to \$250,000. There is no cash value.

#### Basic AD&D Insurance Benefit

An equal benefit amount is paid if death is due to an accident or injury on or off the job and a claim is filed within one year. Payment varies by injury.

### Employee-paid Life and AD&D Insurance

Add more life insurance for yourself and eligible dependents by electing Voluntary Life and AD&D Insurance. You must elect coverage for yourself to add your dependents.

#### How Much Coverage Can You Elect?

The following table shows how much voluntary life insurance you can elect for yourself and your dependents. An equal amount of your elected life insurance coverage is automatically included for AD&D insurance.

**Company-paid Premium Considered Taxable Income**

Federal law requires you to pay income taxes on the premium value of any company-paid basic life insurance over \$50,000. The imputed income tax would be based on the insurance premium for the amount over \$50,000 and age using IRS tables and appears as a “GTL” deduction on paychecks. Consult with your tax accountant for more information.

**For example,** a 43 year old employee earning \$70,000 a year has MAPEI-paid Basic Life Insurance equal to \$105,000 (1½ times annual base salary). The imputed income value is \$66.00 for the year, which would be added to the employee’s taxable earnings.

### Voluntary Life Insurance Options

<b>For You</b>	<ul style="list-style-type: none"> <li>Up to \$500,000 in \$10,000 increments.</li> <li>You must provide evidence of insurability if you elect coverage or increase current coverage above the \$200,000 guaranteed issue.*</li> </ul>
<b>For Your Spouse</b>	<ul style="list-style-type: none"> <li>Up to \$500,000 in \$5,000 increments.</li> <li>You must provide evidence of insurability if you elect coverage or increase current coverage above the \$40,000 guaranteed issue.*</li> </ul>
<b>For Your Children</b>	\$1,000 for children under 6 months and up to \$10,000 from 6 months to 26 years; no evidence of insurability required.

\*See the next page for a Special Offer for enrolling in voluntary life insurance.

**Important:** Life insurance benefits are reduced at ages 65 and 75.

#### Life Insurance Resources

See the **Benefits Resources Guide for** other benefits included with your life insurance.

## \*Special Enrollment Opportunity—During This Year's Open Enrollment

New York Life Insurance has waived the evidence of insurance requirement for any amount you elect up to \$200,000 for yourself and up to \$40,000 for your spouse.

### What Is Evidence of Insurability?

To provide evidence of insurability (EOI), you are required to complete a medical questionnaire for the insurance carrier to review before approving or denying the amount requiring any EOI. If you choose an amount over the guaranteed amount, contact your HR Team for the EOI form.

Any amount requiring EOI will take effect after carrier approval.. Premiums for the amount requiring EOI will take effect after carrier approval.

## Premiums

Premiums are based on your age for your coverage and your spouse's separate coverage and are listed in Oracle. Oracle automatically calculates the premiums based on your age and coverage amount separately for you and your spouse.

Premiums deducted from paychecks may differ by a few cents during the first few paychecks due to rounding.

## Who Gets the Benefit If You Die?

The main purpose of life insurance is to provide financial support to your loved ones in the event of your death. By naming at least one beneficiary, you make it clear who receives your benefit, generally avoiding potential confusion and disputes among family members or heirs.

If you don't designate someone to receive your benefit in Oracle, your benefit could end up in probate court which is time-consuming and costly. By naming one or more beneficiaries, the payout goes directly to them, avoiding the delays and expenses associated with probate.

## How Do You Designate a Beneficiary?

You can choose your beneficiary or beneficiaries when you enroll in Oracle. You can always change your beneficiary in Oracle at any time (see page 8).

## Who Can Be a Beneficiary?

You can specify who receives the benefit and in what manner. For example, you might want to select a percentage of the benefit to provide for each of your spouse, children, or even a charity. You can also set up trusts to manage the funds for minor children or others who may not be able to manage the money themselves.

## What about Taxes?

In many cases, life insurance payouts are not subject to income tax, which means the full amount goes to your beneficiary. This can be a significant advantage in managing your estate and ensuring that your loved ones receive the maximum benefit. Consult with your tax accountant for more information.

## Whole Life and Long-Term Care Insurance

You can only enroll in Whole Life Insurance through Unum during Unum's Open Enrollment period.

### Whole Life Insurance

As the name implies, Whole Life Insurance covers you for your whole life as long as you continue to pay the premium. Unum's Whole Life Insurance comes with guaranteed level premiums—the rate never changes as long as premiums are paid.

Whole Life Insurance pays a death benefit and builds a cash value from the additional money you contribute (above the cost of the insurance plan). This can grow tax-deferred at a guaranteed interest rate of 4.5% to build a cash reserve to borrow from or withdraw when needed. Alternatively, you can buy a smaller, paid-up policy without paying any premiums.

### Long-Term Care Insurance

A Long-Term Care Insurance rider is included when you elect Whole Life Insurance. This type of care is not covered by a health plan, Medicare, or another insurance policy.

The policy reimburses expenses for services provided to an eligible covered person who is unable to perform two or more self-care mobility skills (referred to as *Activities of Daily Living*). The expenses must be from a Long-Term care or assisted living facility operated by or through a Home Health Care Agency, a Licensed Home Health Care Professional, or an Adult Care Practitioner. Please review the rider to know more about the coverage.

### How Benefits Are Paid

Long-Term Care benefits are paid as a percentage of the Whole Life Insurance amount and vary based on who provides the care:

- **Long-Term Care or Assisted Living Facility:** Up to 6% of the Whole Life Policy benefit.
- **Home Healthcare or Adult Day Care:** Up to 4% of the Whole Life Policy benefit.

### Limited Enrollment Period

To enroll, call Unum at **866-752-7432** between **October 28th and November 8th, 2024**, 8am to 8pm ET. Speak directly with a licensed UNUM insurance agent and be ready to verify your date of birth and Social Security number.

## Disability Benefits

Short-Term and Long-Term Disability Benefits through New York Life Insurance replace part of your company earnings if you become disabled and unable to work due to a qualifying non-work-related illness or injury. MAPEI pays the cost for both plans and you are automatically enrolled once eligible.

### New York Life

Claims: 888-842-4462

### Pre-existing Condition Limitations

Coverage may be excluded for a pre-existing injury or illness. See the New York Life certificate of insurance coverage for details or email [benefits@mapei.com](mailto:benefits@mapei.com).

### Short-Term Disability (STD) Benefits

STD benefits equal 60% of eligible pre-disability earnings, up to a \$1,500 a week maximum. After a doctor certifies your disability, payments begin seven days following a qualifying injury or illness and continue for up to 25 weeks.

### Example STD Benefit Calculation

Kim earns \$30,000 a year and takes time off work following a qualifying injury and uses any available paid time off to continue paychecks for the first seven days. On the eighth day, Kim begins receiving MAPEI-paid STD benefits calculated as follows:

$$\begin{aligned} & \$40,000 \text{ annual earnings} \div 52 \text{ weeks} = \\ & \$769.23 \times 60\% \text{ benefits} = \mathbf{\$461.54 \text{ per week}} \end{aligned}$$

### Return to Work

Before returning to work from a Short-Term Disability leave, a physician must complete a Release to Work Form and email it to the Benefits Team at [benefits@mapei.com](mailto:benefits@mapei.com).

### Long-Term Disability (LTD) Benefits

LTD benefits equal 60% of eligible monthly pre-disability earnings, up to \$10,000 a month. After a doctor certifies your disability and you have completed the 180-day waiting period (typically when Short-Term Disability benefits end) and with New York Life's approval, payments will begin and continue up to the maximum duration period, subject to the terms described in New York Life's certificate of coverage.

### LTD Benefit Offsets

If you are eligible for disability income from other sources, including Social Security, your LTD benefit payments will be adjusted so that the maximum monthly benefit you receive from all sources does not exceed the percentage of your pre-disability earnings according to the MAPEI Corporation Disability Plan.

### Eligibility and Enrollment

Employees are eligible and automatically enrolled on the first of month following three months of employment. Once you are eligible to enroll, you will receive a welcome packet or you can call **877-778-2100**.

### Your Contributions

Both your and the Company's contributions are pre-tax, meaning your contributions are deducted from paychecks before taxes are withheld.

- You can contribute up to the IRS annual maximum, currently **\$23,000** for 2024.\*
- If you are age 50 or older, you can contribute, up to the current *catch-up* contribution amount of **\$7,500**.\*
- Both contribution limits are subject to change each year.
- You can contribute from your paychecks before payroll taxes are withheld (pre-tax contributions) or after payroll taxes have been withheld (after-tax contributions).
- Post-tax contributions are added to a Roth account in the 401(k) Plan.
- Highly paid employees may be subject to other contribution limits.

\*The IRS has not released the 2025 maximums.

#### What to Do

- Specify a percentage of eligible earnings or a flat dollar amount to contribute to your account on the Empower website.
- Be sure to choose your investment options, and designate one or more beneficiaries for your account.

### MAPEI Matching Contributions

MAPEI will match your contributions dollar-for-dollar on the first 6% of your earnings that you contribute. This doubles a 6% contribution amount to 12%, giving you a great start for helping you have the income you need when you retire.

### Rollovers

If you have savings in another qualified retirement plan, such as a former employer's 401(k) plan or a 457(b), 403(b), or an Individual Retirement Account (IRA), you may be able to roll over the balance into your MAPEI account. Contact your local HR Team or Empower for more information.

### Vesting

Vesting refers to your ownership of the money in your account. You are always fully vested in your contributions and after two years of service you are fully vested in MAPEI matching contributions.

## 401(k) Retirement Savings Plan

### Investing Your Account

You decide how to invest both your and MAPEI's contributions in the investment funds available on the Empower website. Your and MAPEI's contributions, as well as any investment earnings, are tax-deferred, meaning you pay the income taxes on your 401(k) money when you withdraw it. This potentially gives you additional earning power on your investments.

### Loans and Withdrawals

You can borrow no less than \$1,000 and up to \$50,000 not to exceed 50% of your account balance. You have up to 60 months to repay your general purpose loan or up to 180 months if used to purchase your primary residence. Please be aware of the rules for borrowing and the tax consequences before applying for a loan.

You may withdraw money from your account for retirement, permanent disability, or a financial hardship, as defined by the IRS and the 401(k) Plan documents, at age 59 1/2 after terminating employment, or by your beneficiary following death. Taxes and penalties for early withdrawal may apply.

### Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 1-866-444-EBSA (3272).

**If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2024. Contact your State for more information on eligibility.**

**Important Notice to Employees from MAPEI Corporation about Creditable Prescription Drug Coverage and Medicare**

The purpose of this notice is to advise you that the prescription drug coverage listed below under the MAPEI Corporation medical plan are expected to pay out, on average, at least as much as the standard Medicare prescription drug coverage will pay in 2025. This is known as “creditable coverage.”

**Why this is important.** If you or your covered dependent(s) are enrolled in any prescription drug coverage during 2025 listed in this notice and are or become covered by Medicare, you may decide to enroll in a Medicare prescription drug plan later and not be subject to a late enrollment penalty – as long as you had creditable coverage within 63 days of your Medicare prescription drug plan enrollment. You should keep this notice with your important records.

If you or your family members aren’t currently covered by Medicare and won’t become covered by Medicare in the next 12 months, this notice doesn’t apply to you.

Please read the notice below carefully. It has information about prescription drug coverage with MAPEI Corporation and prescription drug coverage available for people with Medicare. It also tells you where to find more information to help you make decisions about your prescription drug coverage.

**Notice of Creditable Coverage**

You may have heard about Medicare’s prescription drug coverage (called Part D), and wondered how it would affect you. Prescription drug coverage is available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans also offer more coverage for a higher monthly premium.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible, and each year from October 15 through December 7. Individuals leaving employer/union coverage may be eligible for a Medicare Special Enrollment Period.

If you are covered by the MAPEI Corporation prescription drug plans, you'll be interested to know that the prescription drug coverage under the plans is, on average, at least as good as standard Medicare prescription drug coverage for 2025. This is called creditable coverage. Coverage under these plans will help you avoid a late Part D enrollment penalty if you are or become eligible for Medicare and later decide to enroll in a Medicare prescription drug plan.

If you decide to enroll in a Medicare prescription drug plan and you are an active employee or family member of an active employee, you may also continue your employer coverage. In this case, the MAPEI Corporation plan will continue to pay primary or secondary as it had before you enrolled in a Medicare prescription drug plan. If you waive or drop MAPEI Corporation coverage, Medicare will be your only payer. You can re-enroll in the employer plan at annual enrollment or if you have a special enrollment or other qualifying event, or otherwise become newly eligible to enroll in the MAPEI Corporation plan mid-year, assuming you remain eligible.

You should know that if you waive or leave coverage with MAPEI Corporation and you go 63 days or longer without creditable prescription drug coverage (once your applicable Medicare enrollment period ends), your monthly Part D premium will go up at least 1% per month for every month that you did not have creditable coverage. For example, if you go 19 months without coverage, your Medicare prescription drug plan premium will always be at least 19% higher than what most other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll in Part D.

You may receive this notice at other times in the future – such as before the next period you can enroll in Medicare prescription drug coverage, if this MAPEI Corporation coverage changes, or upon your request.

### For More Information about Your Options under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the *Medicare & You* handbook. Medicare participants will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans. Here's how to get more information about Medicare prescription drug plans:

- Visit [medicare.gov](https://www.medicare.gov) for personalized help.

### Notice of Special Enrollment Rights for Health Plan Coverage

As you know, if you have declined enrollment in MAPEI Corporation's health plan for you or your dependents (including your spouse) because of other health insurance coverage, you or your dependents may be able to enroll in some coverages under this plan without waiting for the next open enrollment period, provided that

you request enrollment within 30 days after your other coverage ends. In addition, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your eligible dependents, provided that you request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.

MAPEI Corporation will also allow a special enrollment opportunity if you or your eligible dependents either:

- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible, or
- Become eligible for a state's premium assistance program under Medicaid or CHIP.

For these enrollment opportunities, you will have *60 days* – instead of 30 – from the date of the Medicaid/CHIP eligibility change to request enrollment in the MAPEI Corporation group health plan. Note that this new 60-day extension doesn't apply to enrollment opportunities other than due to the Medicaid/CHIP eligibility change.

**Note:** If your dependent becomes eligible for a special enrollment right, you may add the dependent to your current coverage or change to another health plan.

### **Women's Health and Cancer Rights Act Notice**

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator at (954) 246-8888.

### **Newborns' and Mothers' Health Protection Act Notice**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, call your plan administrator at (954) 246-8888.

### **Marketplace/Exchange Notice**

#### **PART A: General Information**

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

#### **What Is the Health Insurance Marketplace?**

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

#### **Can I Save Money on my Health Insurance Premiums in the Marketplace?**

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

## Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than **9.02% for 2025** of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed **9.02% for 2025** of the employee's household income.

**Note:** If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

## When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services **is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.**

Marketplace-eligible individuals who live in states served by HealthCare.gov and either- submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit HealthCare.gov or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

## What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.

**How Can I Get More Information?**

For more information about your coverage offered through your employment, please check your health plan's summary plan description or contact (954) 246-8888.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit [HealthCare.gov](https://www.healthcare.gov) for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

- **Eligible dependents are:** Legal spouses, natural, adopted, step-children, children under legal guardianship and any child who is named in a Qualified Medical Support Order (QMCSO) as defined under federal law up to age 26, or older primarily supported by employee and incapable of self-sustaining employment by reason of mental or physical handicap.

\*\*Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, [HealthCare.gov](https://www.healthcare.gov) will guide you through the process. Here's the employer information you'll enter when you visit [HealthCare.gov](https://www.healthcare.gov) to find out if you can get a tax credit to lower your monthly premiums.

**Michelle's Law Notice – Extended Dependent Medical Coverage During Student Medical Leaves**

The MAPEI Corporation plan may extend medical coverage for dependent children if they lose eligibility for coverage because of a medically necessary leave of absence from a post-secondary educational institution (including a college or university). Coverage may continue for up to a year, unless the child's eligibility would end earlier for another reason.

Extended coverage is available if a child's leave of absence from school – or change in school enrollment status (for example, switching from full-time to part-time status) – starts while the child has a serious illness or injury, is medically necessary and otherwise causes eligibility for student coverage under the plan to end. Written certification from the child's physician stating that the child suffers from a serious illness or injury and the leave of absence is medically necessary may be required.

If the coverage provided by the plan is changed during this one-year period, the plan will provide the changed coverage for the remainder of the leave of absence.

If your child will lose eligibility for coverage because of a medically necessary leave of absence from school and you want his or her coverage to be extended, as soon as the need for the leave is recognized to MAPEI Corporation. In addition, contact *your child's health plan* to see if any state laws requiring extended coverage may apply to his or her benefits.

## MAPEI Corporation HIPAA Privacy Notice

Please carefully review this notice. It describes how medical information about you may be used and disclosed and how you can get access to this information.

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) imposes numerous requirements on the use and disclosure of individual health information by MAPEI Corporation health plans. This information, known as protected health information, includes almost all individually identifiable health information held by a plan — whether received in writing, in an electronic medium, or as an oral communication. This notice describes the privacy practices of these plans: *Medical, Dental, and Vision*. The plans covered by this notice may share health information with each other to carry out treatment, payment, or health care operations. These plans are collectively referred to as the Plan in this notice, unless specified otherwise.

### The Plan's Duties with Respect to Health Information about You

The Plan is required by law to maintain the privacy of your health information and to provide you with this notice of the Plan's legal duties and privacy practices with respect to your health information. If you participate in an insured plan option, you will receive a notice directly from the Insurer. It's important to note that these rules apply to the Plan, not MAPEI Corporation as an employer — that's the way the HIPAA rules work. Different policies may apply to other MAPEI Corporation programs or to data unrelated to the Plan.

### How the Plan May Use or Disclose Your Health Information

The privacy rules generally allow the use and disclosure of your health information without your permission (known as an authorization) for purposes of health care treatment, payment activities, and health care operations. Here are some examples of what that might entail:

- **Treatment** includes providing, coordinating, or managing health care by one or more health care providers or doctors. Treatment can also include coordination or management of care between a provider and a third party, and consultation and referrals between providers. For example, the Plan may share your health information with physicians who are treating you.
- **Payment** includes activities by this Plan, other plans, or providers to obtain premiums, make coverage determinations, and provide reimbursement for health care. This can include determining eligibility, reviewing services for medical necessity or appropriateness, engaging in utilization management activities, claims management, and billing; as well as performing "behind the scenes" plan functions, such as risk adjustment, collection, or reinsurance. For example, the Plan may share information about your coverage or the expenses you have incurred with another health plan to coordinate payment of benefits.
- **Health care operations** include activities by this Plan (and, in limited circumstances, by other plans or providers), such as wellness and risk assessment programs, quality assessment and improvement activities, customer service, and internal grievance resolution. Health care operations also include evaluating vendors; engaging in credentialing, training, and accreditation activities; performing underwriting or premium rating; arranging for medical review and audit activities; and conducting business planning and development. For example, the Plan may use information about your claims to audit the third parties that approve payment for Plan benefits.

The amount of health information used, disclosed or requested will be limited and, when needed, restricted to the minimum necessary to accomplish the intended purposes, as defined under the HIPAA rules. If the Plan uses or discloses PHI for underwriting purposes, the Plan will not use or disclose PHI that is your genetic information for such purposes.

### How the Plan May Share Your Health Information with MAPEI Corporation

The Plan, or its health insurer or HMO, may disclose your health information without your written authorization to MAPEI Corporation for plan administration purposes. MAPEI Corporation may need your health information to administer benefits under the Plan. MAPEI Corporation agrees not to use or disclose your health information other than as permitted or required by the Plan documents and by law. Human Resources, Benefits, Compliance, Payroll, and/or Finance are the only MAPEI Corporation employees who will have access to your health information for plan administration functions.

Here's how additional information may be shared between the Plan and MAPEI Corporation, as allowed under the HIPAA rules:

- The Plan, or its insurer or HMO, may disclose “summary health information” to MAPEI Corporation, if requested, for purposes of obtaining premium bids to provide coverage under the Plan or for modifying, amending, or terminating the Plan. Summary health information is information that summarizes participants' claims information, from which names and other identifying information have been removed.
- The Plan, or its insurer or HMO, may disclose to MAPEI Corporation information on whether an individual is participating in the Plan or has enrolled or disenrolled in an insurance option or HMO offered by the Plan.

In addition, you should know that MAPEI Corporation cannot and will not use health information obtained from the Plan for any employment-related actions. However, health information collected by MAPEI Corporation from other sources — for example, under the Family and Medical Leave Act, Americans with Disabilities Act, or workers' compensation programs — is *not* protected under HIPAA (although this type of information may be protected under other federal or state laws).

### **Other Allowable Uses or Disclosures of Your Health Information**

In certain cases, your health information can be disclosed without authorization to a family member, close friend, or other person you identify who is involved in your care or payment for your care. Information about your location, general condition, or death may be provided to a similar person (or to a public or private entity authorized to assist in disaster relief efforts). You'll generally be given the chance to agree or object to these disclosures (although exceptions may be made — for example, if you're not present or if you're incapacitated). In addition, your health information may be disclosed without authorization to your legal representative.

## **COBRA Continuation Coverage General Notice**

### **Introduction**

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

**You May Have Other Options Available to You When You Lose Group Health Coverage.** For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

### **What is COBRA Continuation Coverage?**

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a “qualifying event.” Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

### **When is COBRA Continuation Coverage Available?**

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to: Benefits Team via email at [benefits@mapei.com](mailto:benefits@mapei.com); MAPEI Corporation, 1144 East Newport Center Drive, Deerfield Beach, FL 33442.

### **How is COBRA Continuation Coverage Provided?**

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

#### **Disability Extension of 18-Month Period of COBRA Continuation Coverage**

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. Benefits Team via email at [benefits@mapei.com](mailto:benefits@mapei.com); MAPEI Corporation, 1144 East Newport Center Drive, Deerfield Beach, FL 33442.

## **Second Qualifying Event Extension of 18-Month Period of Continuation Coverage**

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

### **Are there other coverage options besides COBRA continuation coverage?**

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [www.healthcare.gov](http://www.healthcare.gov).

### **Can I Enroll in Medicare Instead of COBRA Continuation Coverage after My Group Health Plan Coverage Ends?**

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period to sign up for Medicare Part A or B, beginning on the earlier of:

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.
